

FROM THE PORT OF LIVORNO

# The Cinque Terre

DURATION

10 hr

TOUR DIFFICULTY

EASY MEDIUM HARD

Your driver will pick you up directly at your cruise ship for a tour ideal for those looking for a different experience on their shore excursion from the port of Livorno. The aura of isolation that has surrounded the small ancient coastal villages known as the “Cinque Terre”, together with their dramatic coastal scenery, has made this unique area of Italy an ever more important attraction for visitors. Built in ancient times by people seeking refuge from the invading barbarians, lying between the mountains and the sea, the people for centuries endured an isolated life. The five villages were only reached by the outside world about one hundred years ago, when the railway line was built.

At Riomaggiore, the first stop, your guide will escort you on a walk along the easy “lovers walk” trail that affords magnificent views of the coastline. The path permits a view of the Ligurian Sea which plunges below the majestic Apennine Mountains that ring the five villages as well as affording incredible views of the coastline. From there your driver will transport you to explore Manarola, the most photogenic of the five villages with its myriad of narrow alleys and pretty pastel colored buildings that form the squares.

After lunch at a trattoria overlooking the Ligurian sea you’ll take a shared boat tour along the coastline to Vernazza, another enchanting village with its meandering narrow alleys and splendid vistas. Your final destination is Corniglia, a medieval hamlet that rests on a hilltop above the sea where you will enjoy some of the finest views of the Cinque Terre and indulge in wine tastings of some of its celebrated wines that have been produced here since Roman times.
